BARR-PRICE FUNERAL HOMES
Established 1890

**AUTHORIZATION TO RECYCLE METAL FROM
IMPLANTED DEVICES AND DENTAL APPLIANCES**

PARTIES:

Barr-Price Funeral Home and Palmetto Cremations

Representative: _____

Decedent: _____

RELATIONSHIP OF REPRESENTATIVE: The Representative warrants and represents to Barr-Price Funeral Home and Palmetto Cremations that the relationship between the Representative and Decedent is as follows: (check appropriate box)

- _____ Spouse
_____ Next-of-Kin (Closest Living Relative)
_____ Personal Representative of the Next-of-Kin with written authorization of Next-of-Kin to act on his or her behalf.
_____ Other _____

AUTHORITY OF REPRESENTATIVE: The Representative warrants and represents to Barr-Price Funeral Home and Palmetto Cremations that the Representative is the person or the appointed agent of the person who by law has the paramount right to arrange and direct the disposal of the remains of the Decedent and that no other person(s) has a superior right over the right of the Representative.

RECYCLING OF METAL: Following the cremation process, Palmetto Cremations uses all reasonable efforts to remove from the cremated remains all non-combustible materials such as dental bridgework, dental crowns, implanted medical devices, and metal hinges, latches and nails from the cremation container. Typically, this non-combustible material is disposed of as waste. However, in the case of certain metals that may be found in the implanted devices and dental appliances, such as titanium, gold, silver, platinum or palladium, third party companies will recycle these types of metals that are recovered after cremation. With the express permission of the Representative, these metals will be sent to a recycling company.

AUTHORIZATION ON DISPOSITION OF METAL: The Representative authorizes Barr-Price Funeral Home and Palmetto Cremations to take the following action: (please place your initials opposite the option you select:

_____ Recycle any metal that is eligible for recycling and dispose of the remaining metal with the remainder of the non-
(Initials) combustible material,

OR

_____ Do not recycle the metal. Instead, return it with the remainder of the non-combustible material to the Representative.
(Initials)

Signature of Representative: _____

Date: _____
